

Enterprise Support Operations Manual

Support Tiers

NovaTech provides three support tiers:

1. Standard Support
2. Professional Support
3. Enterprise Priority Support

Support availability, escalation speed, and SLA commitments vary depending on subscription plans.

Enterprise Priority Handling

Enterprise customers receive:

- 24/7 live support
- direct Tier-2 routing
- dedicated account managers
- outage escalation channels
- priority infrastructure recovery

Critical outages must receive acknowledgement within 15 minutes.

Escalation Rules

Billing disputes above \$500 are escalated to finance operations.

Repeated authentication failures involving enterprise accounts require security review.

Hardware defects reported within seven days of delivery qualify for immediate replacement review.
